Objective To join a company that fosters growth and innovation in order to meet the demands of consumers in an increasingly high-tech world.

Tech Related Experience

- Built a database with answers to a survey using Python, Django, and SQLite.
- Completed a competitive seven-week tech workforce program. Only twenty candidates were chosen from more than one hundred and twenty.
- Became familiar with how to use the Terminal, GIT, HTML, CSS, JavaScript, Bootstrap, Firebase, Atom, and Formspre.
- Received the Most Creative award. Only five of the sixteen remaining students received such rewards.
- Applied our skills to building games and designing user-friendly websites.

Education

Edx's CS50 Course Through Harvard *March 2017*

- Focus was on data structures, programming efficiency, and languages including C, Python, and Javascript.

Code Academy Modules in Javascript and Python *2017*

- Concentrated on familiarity with the languages syntax and applications.

Bachelor of Arts, Major in English with a minor in Philosophy
East Tennessee State University, Johnson City, TN *2010-2014*
Graduated Magna Cum Laude; 3.73 G.P.A.

Employment History

- **Grape Language Institution, Daegu South Korea** *January 2015-March 2016*
 - Taught seven classes a day to students ranging from kindergarten to fifth grade.
 - Managed new teachers and provided them with material for classes.
 - Prepared custom lesson plans daily for each class.
 - Encouraged teacher development by leading mock classes where teachers had the opportunity to learn from one another.
- **Axis Security, Johnson City TN** *May 2013-September 2013*
 - Guided and assisted festival participants.
 - Resolved disputes between staff and guests.
- **J103 Radio Station, Chattanooga TN** *November 2009-July 2010*
 - Performed remote DJ responsibilities, including broadcasting music, weather and traffic reports.
 - Utilized interpersonal skills in answering listener's calls.
 - Ran the entire radio station alone during irregular working hours.

Other Relevant Skills and Experiences

- Strong written and oral communication skills as demonstrated by my performance in numerous undergraduate classes, which highly depended on my ability to communicate clearly and effectively.
- Demonstrated effective problem solving and decision making through my efforts with my Korean students to determine their learning needs.
- Exceedingly adaptable, which was a necessity to succeed in working and living abroad.
